

Bio for Candis Elliot

Rm Of Hoodoo 401

Hello Fellow division 5 residents,

My name is Candis Elliot, a candidate for your Division 5 councilor.

You may by now have had me come by to chat with you, if not let me tell you a little about myself;

I am currently a wife and stay at home mama to 3 kiddos, and live full time in our division. However, before I was a mama I worked as an office manager in the housing industry, this was something I loved, and I was always up for the challenge with the complexity that came along within this industry, putting my problem solving skills to work.

As your councilor my goal is to be here to represent you the resident, take to council and our rm office any issues it is that you or we as a whole are having, I want to be our voice. I have an open door policy at my home, meaning you are welcome to stop in and chat and bring your concerns here or I am more than happy to come to you so we can look at and go over what your concerns are. I am passionate about the safety of not only us as residents but the safety of our children during those busy summer months.
